

ISO

INTERNATIONAL ORGANIZATION FOR STANDARDIZATION

ISO RECOMMENDATION R 104

ROLLING BEARINGS

THRUST BEARINGS WITH FLAT SEATS
BOUNDARY DIMENSIONS

2nd EDITION

December 1966

This second edition supersedes section 5 of ISO Recommendation R 15-1955 and section 2 of ISO/Recommendation R 104-1959. Section 1 of ISO Recommendation R 104-1959 will be replaced by ISO Recommendation R ..., *Radial Bearings — Boundary Dimensions — General Plan* (at present Draft ISO Recommendation No. 358).

BRIEF HISTORY

The ISO Recommendation R 104 (2nd Edition), *Rolling Bearings – Thrust Bearings with Flat Seats – Boundary Dimensions*, was drawn up by Technical Committee ISO/TC 4, *Rolling Bearings*, the Secretariat of which is held by the Sveriges Standardiseringskommission (SIS).

Work on this question by the Technical Committee began in 1958 and led, in 1963, to the adoption of a Draft revision of Recommendation ISO/R 104-1959 section 2 and to the adoption of Draft ISO Recommendation (No. 361) concerning revision of Recommendation ISO/R 15-1955 section 5.

In March 1963, this Draft ISO Recommendation (No. 361) was circulated to all the ISO Member Bodies for enquiry. It was approved, subject to a few modifications of an editorial nature, by the following Member Bodies:

Australia	Greece	Sweden
Austria	Hungary	Switzerland
Belgium	India	Turkey
Brazil	Italy	United Kingdom
Canada	Japan	U.S.A.
Chile	Netherlands	U.S.S.R.
Czechoslovakia	Poland	Yugoslavia
France	Romania	
Germany	Spain	

No Member Body opposed the approval of the Draft.

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council, which decided, in December 1966, to accept it as an ISO RECOMMENDATION.

This ISO Recommendation supersedes section 5 of ISO Recommendation R 15-1955, *Ball and Roller Bearings*, and section 2 of ISO Recommendation R 104-1959, *Ball and Roller Bearings – Boundary Dimensions*.

CONTENTS

	Page
1. Single-direction thrust bearings with flat seats: General Plan	7
1.1 Introduction	7
1.2 Numerically determined nominal boundary dimensions	9-14
1.2.1 Diameter series 0	9
1.2.2 Diameter series 1	10
1.2.3 Diameter series 2	11
1.2.4 Diameter series 3	12
1.2.5 Diameter series 4	13
1.2.6 Diameter series 5	14
1.3 General rules for the extension of the Plan	15
2. Double-direction thrust bearings with flat seats	17
2.1 Diameter series 2 - Dimension series 22	18
2.2 Diameter series 3 - Dimension series 23	18
2.3 Diameter series 4 - Dimension series 24	19
