The copyright of ISO Recommendations and ISO Standards belongs to ISO Member Bodies. Reproduction of these documents, in any country, may be authorized therefore only by the national standards organization of that country, being a member of ISO.

For each individual country the only valid standard is the national standard of that country.

Printed in Switzerland

Also issued in French and Russian. Copies to be obtained through the national standards organizations.

## BRIEF HISTORY

The ISO Recommendation R 1072, *General manufacturing characteristics of solid wood parquet strips with rectangular face*, was drawn up by Technical Committee ISO/TC 99, *Semi-manufactures of timber*, the Secretariat of which is held by the Oficiul de Stat Pentru Standarde (OSS).

Work on this question led to the adoption of a Draft ISO Recommendation.

In December 1965, this Draft ISO Recommendation (No. 885) was circulated to all the ISO Member Bodies for enquiry. It was approved, subject to a few modifications of an editorial nature, by the following Member Bodies :

|           |                |             |
|-----------|----------------|-------------|
| Argentina | Czechoslovakia | Romania     |
| Australia | France         | Switzerland |
| Austria   | Germany        | Turkey      |
| Belgium   | Hungary        | U.A.R.      |
| Brazil    | Italy          | U.S.S.R.    |
| Bulgaria  | Netherlands    |             |
| Colombia  | Poland         |             |

Two Member Bodies opposed the approval of the Draft :

Paraguay  
Yugoslavia

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council, which decided, in May 1969, to accept it as an ISO RECOMMENDATION.
