Also issued in French and Russian. Copies to be obtained through the national standards organizations.

BRIEF HISTORY

The ISO Recommendation R 1098, *Plywood – Veneer plywood for general use – General requirements*, was drawn up by Technical Committee ISO/TC 89, *Boards made from wood or other lignocellulosic fibrous materials*, the Secretariat of which is held by the Deutscher Normenausschuss (DNA).

Work on this question led to the adoption of a Draft ISO Recommendation.

In June 1968, this Draft ISO Recommendation (No. 1583) was circulated to all the ISO Member Bodies for enquiry. It was approved, subject to a few modifications of an editorial nature, by the following Member Bodies :

Australia	Iran	Romania
Austria	Israel	South Africa, Rep. of
Colombia	Italy	Spain
Czechoslovakia	Netherlands	Sweden
Finland	New Zealand	Switzerland
France	Norway	Thailand
Germany	Peru	Turkey
Hungary	Poland	U.A.R.
India	Portugal	United Kingdom

One Member Body opposed the approval of the Draft :

Canada

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council which decided, in June 1969, to accept it as an ISO RECOMMENDATION.
