## BRIEF HISTORY

The ISO Recommendation R 1264, *Plastics – PVC resins – Determination of pH of aqueous extract*, was drawn up by Technical Committee ISO/TC 61, *Plastics*, the Secretariat of which is held by the American National Standards Institute (ANSI).

Work on this question led to the adoption of Draft ISO Recommendation No. 1264, which was circulated to all the ISO Member Bodies for enquiry in May 1967. It was approved, subject to a few modifications of an editorial nature, by the following Member Bodies :

|                |                      |                       |
|----------------|----------------------|-----------------------|
| Australia      | India                | Romania               |
| Austria        | Iran                 | South Africa, Rep. of |
| Belgium        | Israel               | Spain .               |
| Bulgaria       | Italy                | Sweden                |
| Canada         | Japan                | Switzerland           |
| Czechoslovakia | Korea, Dem.P.Rep. of | Turkey                |
| France         | Korea, Rep. of       | U.A.R.                |
| Germany        | Netherlands          | U.S.A.                |
| Greece         | New Zealand          | Yugoslavia            |
| Hungary        | Poland               |                       |

The following Member Body opposed the approval of the Draft :

United Kingdom

This Draft ISO Recommendation was then submitted by correspondence to the ISO Council, which decided to accept it as an ISO RECOMMENDATION.
