The copyright of ISO Recommendations and ISO Standards belongs to ISO Member Bodies. Reproduction of these documents, in any country, may be authorized therefore only by the national standards organization of that country, being a member of ISO.

For each individual country the only valid standard is the national standard of that country.

Printed in Switzerland

Also issued in French and Russian. Copies to be obtained through the national standards organizations.

BRIEF HISTORY

The ISO Recommendation R 1336, *Wrought alloyed coppers*, was drawn up by Technical Committee ISO/TC 26, *Copper and copper alloys*, the Secretariat of which is held by the Deutscher Normenausschuss (DNA).

Work on this question led to the adoption of Draft ISO Recommendation No. 1337, which was circulated to all the ISO Member Bodies for enquiry in October 1967. It was approved, subject to a few modifications of an editorial nature, by the following Member Bodies :

Australia	India	Portugal
Belgium	Iran	South Africa, Rep. of
Brazil	Israel	Spain
Canada	Italy	Sweden
Chile	Japan	Switzerland
Czechoslovakia	Korea, Dem. P. Rep. of	Turkey
Finland	Mexico	U.A.R.
France	Netherlands	United Kingdom
Germany	Norway	U.S.S.R.
Greece	Poland	Yugoslavia

No Member Body opposed the approval of the Draft.

This Draft ISO Recommendation was subsequently divided into two parts, which were submitted by correspondence to the ISO Council. The latter decided to accept them as ISO RECOMMENDATIONS.
