BRIEF HISTORY

The ISO Recommendation R 244, *Aircraft Sealing Wire*, was drawn up by Technical Committee ISO/TC 20, *Aircraft*, the Secretariat of which is held by the British Standards Institution (B.S.I.).

Work on this question by the Technical Committee began in 1958 and led, in 1959, to the adoption of a Draft ISO Recommendation.

In August 1960, this Draft ISO Recommendation (No. 399) was circulated to all the ISO Member Bodies for enquiry. It was approved, subject to some editorial amendments, by the following Member Bodies:

Australia	Germany	Poland
Belgium	Iran	Portugal
Canada	Israel	Spain
Chile	Italy	Sweden
Colombia	Japan	Turkey
Czechoslovakia	Netherlands	United Kingdom
France	New Zealand	U.S.S.R.

No Member Body opposed the approval of the Draft.

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council, which decided, in February 1962, to accept it as an ISO RECOMMENDATION.
