September 1962

COPYRIGHT RESERVED

The copyright of ISO Recommendations and ISO Standards belongs to ISO Member Bodies. Reproduction of these documents, in any country, may be authorized therefore only by the national standards organization of that country, being a member of ISO.

For each individual country the only valid standard is the national standard of that country.

Printed in Switzerland

Also issued in French and Russian. Copies to be obtained through the national standards organizations.

BRIEF HISTORY

The ISO Recommendation R 274, *Copper Tubes of Circular Section – Dimensions: Metric Series*, was drawn up by Technical Committee ISO/TC 5, *Pipes and Fittings*, the Secretariat of which is held by the Association Suisse de Normalisation (SNV).

Work on this question by the Technical Committee began in 1952 and led, in 1960, to the adoption of a Draft ISO Recommendation.

In December 1960, this Draft ISO Recommendation (No. 420) was circulated to all the ISO Member Bodies for enquiry. It was approved, subject to a few modifications of an editorial nature, by the following Member Bodies:

Australia	Greece	Poland
Belgium	Hungary	Portugal
Brazil	India	Romania
Chile	Iran	Spain
Colombia	Israël	Sweden
Czechoslovakia	Italy	Switzerland
Denmark	Japan	Turkey
Finland	Netherlands	United Kingdom
France	Norway	Yugoslavia
Germany		

Three Member Bodies opposed the approval of the Draft:

Argentina, New Zealand, U.S.S.R.

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council, which decided, in September 1962, to accept it as an ISO RECOMMENDATION.
