The copyright of ISO Recommendations and ISO Standards belongs to ISO Member Bodies. Reproduction of these documents, in any country, may be authorized therefore only by the national standards organization of that country, being a member of ISO.

For each individual country the only valid standard is the national standard of that country.

Printed in Switzerland

Also issued in French and Russian. Copies to be obtained through the national standards organizations.

BRIEF HISTORY

The ISO Recommendation R 299, *T slots for machine tools*, was drawn up by Technical Committee ISO/TC 39, *Machine tools*, the Secretariat of which is held by the Association Française de Normalisation (AFNOR).

Work on this question led, to the adoption of Draft ISO Recommendation No. 452, which was circulated to all the ISO Member Bodies for enquiry. It was approved by 26 Member Bodies. No Member Body opposed the approval of the Draft.

This Draft ISO Recommendation was then submitted by correspondence to the ISO Council, which decided to accept it as an ISO RECOMMENDATION.

BRIEF HISTORY RELATING TO THE SECOND EDITION

The Secretariat of Technical Committee ISO/TC 39, *Machine tools*, decided to revise the ISO Recommendation R 299-1963 and adopted Draft ISO Recommendation No. 1960 on this question. It also adopted Draft ISO Recommendation No. 1961, which was a complement to this ISO Recommendation.

These Draft ISO Recommendations were circulated to all ISO Member Bodies for enquiry in February 1970. They were approved, subject to a few modifications of an editorial nature, by the following Member Bodies :

Belgium	Italy	Switzerland
Czechoslovakia*	Japan	Thailand
France	Korea, Dem. P. Rep. of	Turkey
Germany	Netherlands	U.A.R.
Greece	Poland	United Kingdom**
Hungary	South Africa, Rep. of	U.S.S.R.
Ireland	Spain	
Israel	Sweden	

* The Czechoslovakia Member Body approved Draft No. 1961 only.

** The United Kingdom Member Body approved Draft No. 1960 but opposed the approval of Draft No. 1961.

These two Draft ISO Recommendations were then submitted by correspondence as a single document to the ISO Council, which decided to accept it as a second edition of the ISO Recommendation R 299, under the new title : *Machine tool tables – T slots and corresponding bolts*.

The present edition cancels and replaces the first edition of ISO Recommendation R 299-1963.
