Also issued in French and Russian. Copies to be obtained through the national standards organizations

## BRIEF HISTORY

The ISO Recommendation R 447, *Direction of Operation of Machine Tool Controls*, was drawn up by Technical Committee ISO/TC 39, *Machine Tools*, the Secretariat of which is held by the Association Française de Normalisation (AFNOR).

Work on this question by the Technical Committee began in 1952 and led, in 1962, to the adoption of a Draft ISO Recommendation.

In October 1963, this Draft ISO Recommendation (No. 624) was circulated to all the ISO Member Bodies for enquiry. It was approved, subject to a few modifications of an editorial nature, by the following Member Bodies:

|                |                |                |
|----------------|----------------|----------------|
| Argentina      | Hungary        | Sweden         |
| Austria        | India          | Switzerland    |
| Belgium        | Italy          | U.A.R.         |
| Czechoslovakia | Japan          | United Kingdom |
| Denmark        | Korea, Rep. of | U.S.A.         |
| Finland        | Netherlands    | U.S.S.R.       |
| France         | New Zealand    | Yugoslavia     |
| Germany        | Poland         |                |
| Greece         | Spain          |                |

No Member Body opposed the approval of the Draft.

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council which decided, in October 1965, to accept it as an ISO RECOMMENDATION.
