COPYRIGHT RESERVED

The copyright of ISO Recommendations and ISO Standards belongs to ISO Member Bodies. Reproduction of these documents, in any country, may be authorized therefore only by the national standards organization of that country, being a member of ISO.

For each individual country the only valid standard is the national standard of that country.

Printed in Switzerland

Also issued in French and Russian. Copies to be obtained through the national standards organizations.

BRIEF HISTORY

The ISO Recommendation R 465, *Rolling Bearings — Double Row Self-aligning Roller Bearings—Radial Internal Clearance*, was drawn up by Technical Committee ISO/TC 4, *Rolling Bearings*, the Secretariat of which is held by the Sveriges Standardiseringskommission (SIS).

Work on this question by the Technical Committee began in 1959 and led, in 1961, to the adoption of a Draft ISO Recommendation.

In March 1963, this Draft ISO Recommendation (No. 470) was circulated to all the ISO Member Bodies for enquiry. It was approved by the following Member Bodies :

Australia	Greece	Romania
Austria	Hungary	Spain
Belgium	India	Sweden
Canada	Israel	Switzerland
Chile	Italy	United Kingdom
Czechoslovakia	Japan	U.S.A.
France	Netherlands	U.S.S.R.
Germany	Poland	Yugoslavia

No Member Body opposed the approval of the Draft.

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council which decided, in December 1965, to accept it as an ISO RECOMMENDATION.
