ISO RECOMMENDATION R 495

GENERAL REQUIREMENTS FOR THE PREPARATION OF TEST CODES FOR MEASURING THE NOISE EMITTED BY MACHINES

1st EDITION

August 1966

COPYRIGHT RESERVED

The copyright of ISO Recommendations and ISO Standards belongs to ISO Member Bodies. Reproduction of these documents, in any country, may be authorized therefore only by the national standards organization of that country, being a member of ISO.

For each individual country the only valid standard is the national standard of that country.

Printed in Switzerland

Also issued in French and Russian. Copies to be obtained through the national standards organizations.

BRIEF HISTORY

The ISO Recommendation R 495, *General Requirements for the Preparation of Test Codes for Measuring the Noise Emitted by Machines*, was drawn up by Technical Committee ISO/TC 43, *Acoustics*, the Secretariat of which is held by the British Standards Institution (BSI).

Work on this question by the Technical Committee began in 1960 and led, in 1963, to the adoption of a Draft ISO Recommendation.

In December 1963, this Draft ISO Recommendation (No. 695) was circulated to all the ISO Member Bodies for enquiry. It was approved, subject to a few modifications of an editorial nature, by the following Member Bodies:

Australia	Finland	Korea, Rep. of
Austria	France	Netherlands
Belgium	Germany	New Zealand
Brazil	Greece	Sweden
Canada	Hungary	Switzerland
Chile	India	United Kingdom
Colombia	Israel	U.S.A.
Czechoslovakia	Italy	U.S.S.R.
Denmark	Japan	Yugoslavia

No Member Body opposed the approval of the Draft.

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council, which decided, in August 1966, to accept it as an ISO RECOMMENDATION.
