November 1966

COPYRIGHT RESERVED

The copyright of ISO Recommendations and ISO Standards belongs to ISO Member Bodies. Reproduction of these documents, in any country, may be authorized therefore only by the national standards organization of that country, being a member of ISO.

For each individual country the only valid standard is the national standard of that country.

Printed in Switzerland

Also issued in French and Russian. Copies to be obtained through the national standards organizations.

BRIEF HISTORY

The ISO Recommendation R 527, *Determination of Tensile Properties*, was drawn up by Technical Committee ISO/TC 61, *Plastics*, the Secretariat of which was held by the American Standards Association, Inc. (ASA).

Work on this question by the Technical Committee began in 1953 and led, in 1960, to the adoption of a Draft ISO Recommendation.

This first Draft ISO Recommendation (No. 468) was circulated to all the ISO Member Bodies for enquiry, in April 1960. As the results of this consultation were not considered satisfactory, the Technical Committee presented a second Draft ISO Recommendation, which was circulated to all the ISO Member Bodies in April 1964, and which was approved, subject to a few modifications of an editorial nature, by the following Member Bodies:

Australia	Hungary	Spain
Austria	India	Sweden
Brazil	Israel	Switzerland
Bulgaria	Japan	Turkey
Canada	Korea, Rep. of	United Kingdom
Chile	Netherlands	U.S.A.
Colombia	New Zealand	U.S.S.R.
Czechoslovakia	Poland	Yugoslavia
Denmark	Portugal	
Finland	Republic	
Germany	of South Africa	
Greece	Romania	

Three Member Bodies opposed the approval of the Draft:

Belgium
France
Italy

The second Draft ISO Recommendation was then submitted by correspondence to the ISO Council, which decided, in November 1966, to accept it as an ISO RECOMMENDATION.
