BRIEF HISTORY

The ISO Recommendation R 559, *Steel Pipes for Gas, Water and Sewage, Welded or Seamless*, was drawn up by Technical Committee ISO/TC 5, *Pipes and Fittings*, the Secretariat of which is held by the Association Suisse de Normalisation (SNV).

Work on this question by the Technical Committee began in 1958 and led, in 1963, to the adoption of a Draft ISO Recommendation.

In April 1965, this Draft ISO Recommendation (No. 788) was circulated to all the ISO Member Bodies for enquiry. It was approved, subject to a few modifications of an editorial nature, by the following Member Bodies:

Argentina	France	Portugal
Belgium	Germany	Spain
Brazil	India	Sweden
Canada	Israel	Switzerland
Chile	Italy	Turkey
Czechoslovakia	Norway	U.A.R.

Five Member Bodies opposed the approval of the Draft:

Denmark
Hungary
Japan
United Kingdom
U.S.S.R.

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council, which decided, in March 1967, to accept it as an ISO RECOMMENDATION.
