April 1967

COPYRIGHT RESERVED

The copyright of ISO Recommendations and ISO Standards belongs to ISO Member Bodies. Reproduction of these documents, in any country, may be authorized therefore only by the national standards organization of that country, being a member of ISO.

For each individual country the only valid standard is the national standard of that country.

Printed in Switzerland

Also issued in French and Russian. Copies to be obtained through the national standards organizations.

BRIEF HISTORY

The ISO Recommendation R 565, *Woven Wire Cloth and Perforated Plates in Test Sieves – Nominal Sizes of Apertures*, was drawn up by Technical Committee ISO/TC 24, *Sieves, Sieving and other Sizing Methods*, the Secretariat of which is held by the Deutscher Normenausschuss (DNA).

Work on this question by the Technical Committee began in 1956 and led, in 1964, to the adoption of a Draft ISO Recommendation.

In April 1965, this Draft ISO Recommendation (No.805) was circulated to all the ISO Member Bodies for enquiry. It was approved, subject to a few modifications of an editorial nature, by the following Member Bodies:

Brazil	Ireland	U.A.R.
Canada	Israel	United Kingdom
Chile	Netherlands	U.S.A.
France	New Zealand	U.S.S.R.
Germany	Sweden	Yugoslavia
Hungary	Switzerland	
India	Turkey	

One Member Body opposed the approval of the Draft:

Italy

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council, which decided, in April 1967, to accept it as an ISO RECOMMENDATION.
