## BRIEF HISTORY

The ISO Recommendation R 638, *Pulps—Determination of dry matter content*, was drawn up by Technical Committee ISO/TC 6, *Paper, board and pulps*, the Secretariat of which is held by the Association Française de Normalisation (AFNOR).

Work on this question by the Technical Committee began in 1961 and led, in 1965, to the adoption of a Draft ISO Recommendation.

In November 1965, this Draft ISO Recommendation (No. 870) was circulated to all the ISO Member Bodies for enquiry. It was approved, subject to a few modifications of an editorial nature, by the following Member Bodies:

|                |                |                |
|----------------|----------------|----------------|
| Argentina      | India          | Romania        |
| Australia      | Iran           | South Africa,  |
| Austria        | Ireland        | Rep. of        |
| Belgium        | Israel         | Spain          |
| Brazil         | Italy          | Sweden         |
| Canada         | Japan          | Switzerland    |
| Chile          | Korea, Rep. of | Turkey         |
| Czechoslovakia | Netherlands    | U.A.R.         |
| Denmark        | New Zealand    | United Kingdom |
| Finland        | Norway         | U.S.A.         |
| France         | Poland         | U.S.S.R.       |
| Germany        | Portugal       | Yugoslavia     |

No Member Body opposed the approval of the Draft.

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council, which decided, in November 1967, to accept it as an ISO RECOMMENDATION.
