For each individual country the only valid standard is the national standard of that country.

Printed in Switzerland

Also issued in French and Russian. Copies to be obtained through the national standards organizations.

BRIEF HISTORY

The ISO Recommendation R 686, *35 mm Filmstrips – Dimensions and formats*, was drawn up by Technical Committee ISO/TC 42, *Photography*, the Secretariat of which is held by the United States of America Standards Institute (USASI).

Work on this question by the Technical Committee began in 1961 and led, in 1965, to the adoption of a Draft ISO Recommendation.

In September 1965, this Draft ISO Recommendation (No. 878) was circulated to all the ISO Member Bodies for enquiry. It was approved, subject to a few modifications of an editorial nature, by the following Member Bodies :

Argentina	Israel	Switzerland
Australia	Italy	United Kingdom
Belgium	Japan	U.S.A.
Canada	Poland	
Czechoslovakia	South Africa,	
France	Rep. of	
Germany	Sweden	

One Member Body opposed the approval of the Draft :

U.S.S.R.

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council which decided, in March 1968, to accept it as an ISO RECOMMENDATION
