COPYRIGHT RESERVED

The copyright of ISO Recommendations and ISO Standards belongs to ISO Member Bodies. Reproduction of these documents, in any country, may be authorized therefore only by the national standards organization of that country, being a member of ISO.

For each individual country the only valid standard is the national standard of that country.

Printed in Switzerland

Also issued in French and Russian. Copies to be obtained through the national standards organizations.

BRIEF HISTORY

The ISO Recommendation R 713, *Chemical analysis of zinc – Polarographic determination of lead and cadmium*, was drawn up by Technical Committee ISO/TC 18, *Zinc and zinc alloys*, the Secretariat of which is held by the Institut Belge de Normalisation (IBN).

Work on this question by the Technical Committee began in 1963 and led, in 1965, to the adoption of a Draft ISO Recommendation.

In September 1966, this Draft ISO Recommendation (No. 992) was circulated to all the ISO Member Bodies for enquiry. It was approved, subject to a few modifications of an editorial nature, by the following Member Bodies :

Argentina	Ireland	Switzerland
Belgium	Italy	Thailand
Brazil	Japan	Turkey
Canada	Korea, Rep. of	U.A.R.
Chile	Korea, D.P. Rep. of	United Kingdom
Czechoslovakia	New Zealand	U.S.A.
France	Norway	U.S.S.R.
Germany	South Africa,	Yugoslavia
Hungary	Rep. of	
India	Spain	

One Member Body opposed the approval of the Draft :

Australia

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council which decided, in May 1968, to accept it as an ISO RECOMMENDATION.
