BRIEF HISTORY

The ISO Recommendation R 732, *Dimensions for 127, 120 and 620 roll film, backing paper and film spools*, was drawn up by Technical Committee ISO/TC 42, *Photography*, the Secretariat of which is held by the American National Standards Institute (ANSI).

Work on this question led to the adoption of Draft ISO Recommendation No. 836, which was circulated to all the ISO Member Bodies for enquiry in September 1965.

The Draft was approved, subject to a few modifications of an editorial nature, by the following Member Bodies :

Argentina
Australia
Belgium
Brazil
Canada
Chile

Czechoslovakia
France
Germany
Israel
Italy
Japan

Poland
South Africa, Rep. of
Sweden
Switzerland
United Kingdom
U.S.A.

One Member Body opposed the approval of the Draft:

U.S.S.R.

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council, which decided to accept it as an ISO RECOMMENDATION.

BRIEF HISTORY RELATING TO THE SECOND EDITION

The publication of this second edition of ISO Recommendation R 732 was undertaken at the request of the ISO/TC 42 Secretariat in order to correct Figures 1, 3 and 5, as well as an error which appeared in clauses 2.1, 3.1 and Z.6 of the first edition.

This edition (second edition) cancels and replaces the first edition of ISO Recommendation R 732.
