ITU-T RECOMMENDATION L.35

INSTALLATION OF OPTICAL FIBRE CABLES IN THE ACCESS NETWORK

Summary

The Recommendation gives information about the methodologies recommended to install fibre optic cables in the access network. In particular, it gives guidance for installation in ducts, aerial installation and directly buried cables. Appendix I provides the experiences of nine countries on this matter.

Source

ITU-T Recommendation L.35 was prepared by ITU-T Study Group 6 (1997-2000) and was approved under the WTSC Resolution No. 1 procedure on the 9th of October 1998.
