Miniature fuses—Part 2: Cartridge fuse-links (Amendment 1)

Introduction for amendment

This Amendment has been prepared as Amendment 1 to JIS C 6575-2:2005 based on Amendment 2 to IEC 60127-2:2003 published in 2010.

JIS C 6575-2:2005 is revised as follows.

Foreword

Replace Foreword by the following.

“This translation has been made based on the original Japanese Industrial Standard revised by the Minister of Economy, Trade and Industry through deliberations at the Japanese Industrial Standards Committee in accordance with the Industrial Standardization Law.

Consequently JIS C 6575-2:2005 is replaced with this Standard.

Attention is drawn to the possibility that some parts of this Standard may conflict with patent rights, applications for a patent after opening to the public or utility model rights. The relevant Minister and the Japanese Industrial Standards Committee are not responsible for identifying any of such patent rights, applications for a patent after opening to the public or utility model rights.

JIS C 6575 consists of the following 4 parts under the general title “*Miniature fuses*”:

Part 1: Definitions of miniature fuses and general requirements for miniature fuse-links

Part 2: Cartridge fuse-links

Part 3: Sub-miniature fuse-link

Part 4: Universal modular fuse-links (UMF), and non-UM through-hole and surface mount fuse-links”

Introduction

Replace the first sentence by the following.

“This Japanese Industrial Standard has been prepared based on the second edition of IEC 60127-2 published in 2003, Amendment 1 (2003) and Amendment 2 (2010) with some modifications of the technical contents to conform to the production status and usage situation of miniature fuses in Japan.”
