5. Check Item on Trial
6. Acceptance & Admission of Fixture

1. Scope of Application

This standard shall apply to the welding fixture and equipment installation, which is required for white body assembly (hereinafter referred to as ass'y) on the installation of automobile manufacturing.

2. Definition for Mechanical Trial of Welding Fixture

One or more of plastically manufactured part are combined and the position of part is guaranteed and supported to produce white body ass'y as an equipment installation of welding fixture. The movement of driving machines should match the purpose by the movement flow.

3. Purpose for Mechanical Trial of Welding Fixture

- 3.1 Before the operation of equipment installation, the operating condition should be confirmed.
- 3.2 Before the operation of equipment, the expected problems of parts on loading & unloading are pre-eliminated.
- 3.3 The appropriateness for purpose of applying equipment is confirmed and the solutions to the problems are prepared.

4. Sequence for Mechanical Trial of Welding Fixture
