## 1. Scope of Application

This shall be applied to the corrosion resistance test of the disc brake caliper assembly attached and used for a truck and bus. (However, the 2 wheel, passenger and special purpose car shall not be applicable.)

## 2. Purpose

The purpose of this standard shall be to evaluate the corrosion resistance property of the caliper assembly.

## 3. Evaluation Standard

There should be no stain and stick at each section.

## 4. Test Preparation

4.1 Brake unit condition

(1) Use a regular and new part for a pad, disc and brake oil.

(2) Assemble with the parts of normal function and perform appropriate adjustment if necessary.

4.2 Test unit

Follow the Fig.

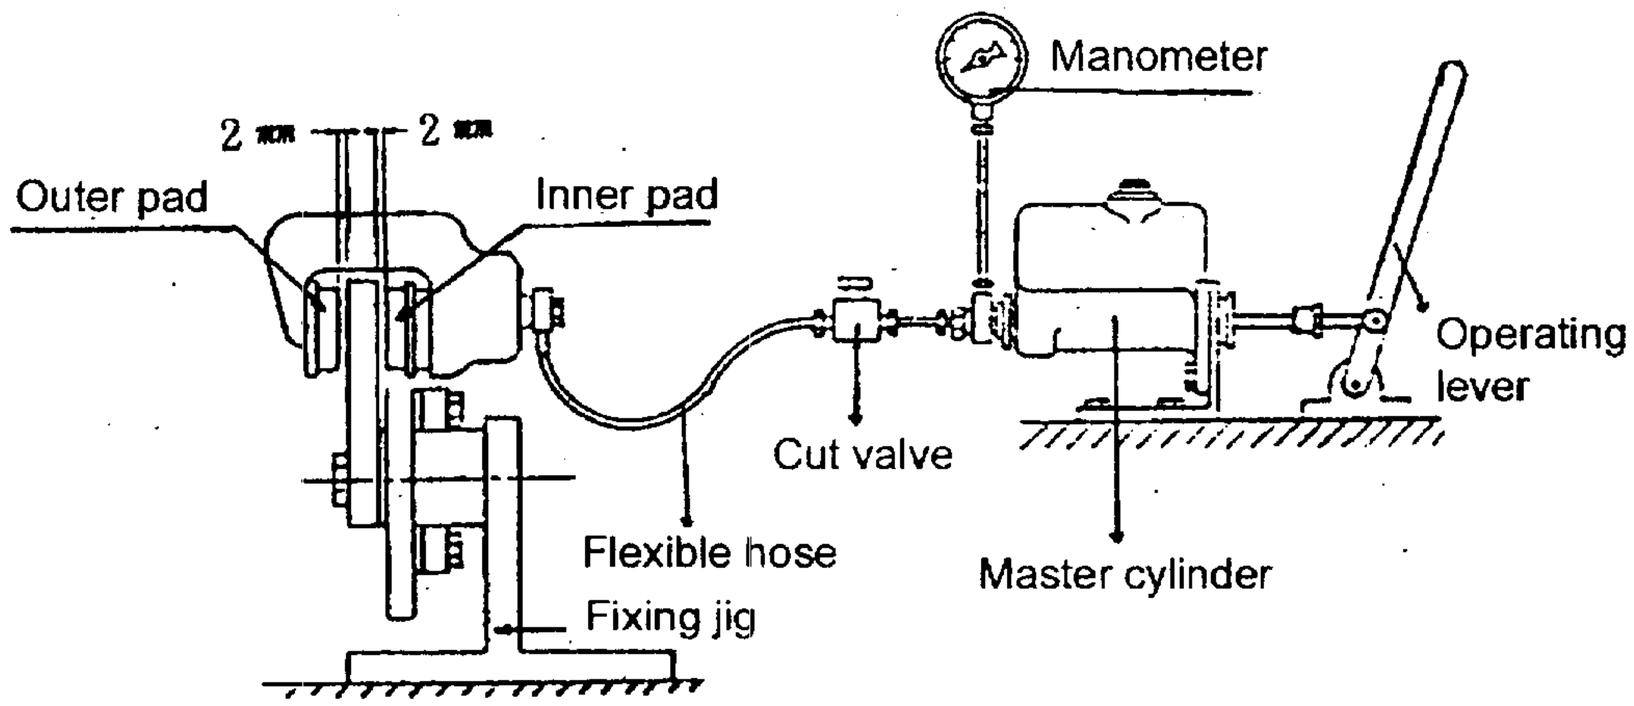

**Fig.**
