1 Purpose

- 1.1 The purpose of this standard is to list the fire safety classification of stations and is to be applied by all staff.

2 Scope

- 2.1 This standard lists the fire safety classification of stations under LU standards and fire safety legislation.
- 2.2 This standard replaces 1-086 A2.

3 Requirements

3.1 List of stations covered under the Fire Precautions (Sub-surface Railway Stations) (England) Regulations 2009 and within the scope of standard 1-085.

- 3.1.1 Where a procedure, standard or other document refers to "section 12" or "Sub-surface" stations, this shall be construed as meaning the stations listed below.

Stations covered by

- a) The Fire Precautions (Sub-surface Railway Stations) (England) Regulations 2009 and;
- b) LUL standard 1-085 – "Fire safety performance of materials" and;
