FNHA-2-J-099.00

Approved Supplier And Paint Product List

1. SCOPE

1.1 This specification provides the list of approved suppliers and paint products for various paint specifications.

1.2 This specification may involve hazardous materials, apparatus, and procedures. This specification does not address the health and safety problems, if any associated with its use or application. It is the specification user's responsibility to follow appropriate safety or health practices, and determine the applicability of regulatory limitations prior to use.

1.3 The materials, which meet this specification, shall comply with the health and safety requirements of the region where this product is being used.

2. APPLICATION

2.1 This specification lists suppliers and products that have been evaluated per New Holland paint performance specification through New Holland's Materials Laboratory and are considered acceptable level of quality for New Holland products.

2.2 Any new product that is to be approved shall be evaluated by the New Holland's Materials Engineering group to determine its acceptability to meet New Holland's paint performance requirements.

3. RELATED SPECIFICATIONS

86505483 (FNHA-2-J-005.00) - Color Designation
 86509537 (FNHA-2-J-061.00)—Standard
 Performance Paint Coating
