

Authentication of Records and Media

TG11-2011

**NUCLEAR INFORMATION AND RECORDS MANAGEMENT ASSOCIATION
10 Almas Road, Windham, NH 03087**

Technical guidelines developed by a committee, subcommittee, or ad hoc committee of the Nuclear Information and Records Management Association (NIRMA) represent a consensus of the members of the committee, subcommittee, or ad hoc committee with the concurrence of the NIRMA membership and Board of Directors. These guidelines are recommended procedures for establishing a program or performance of a task related to the interests of NIRMA members. Guidelines represent the consensus of the sponsoring committee on the best information based upon applicable regulatory requirements, industry standards and practical experience. A lesser amount of detail may be used to identify the areas of interface outside the scope of the document. Guidelines are not intended to be interpreted as industry standards but as suggested guidance with the understanding that companies are not obligated to use the suggested guidance.

NOTICE

This document was prepared by a committee of the Nuclear Information and Records Management Association (NIRMA). Neither this committee, NIRMA members of NIRMA, other persons contributing to or assisting in the preparation of the document, nor any person acting on behalf of these parties (a) makes any warranty or representation, expressed or implied, with respect to the accuracy, completeness, or usefulness of the information contained in this document, or (b) that the use of any information, apparatus, method, or process disclosed in this document may not infringe on privately owned rights, or (c) assumes liabilities with respect to the use of any information, apparatus, method, or process disclosed in this document.
