

Management of Electronic Vendor Technical Documents

TG22 – 2019
September 10, 2019

NUCLEAR INFORMATION AND RECORDS MANAGEMENT ASSOCIATION
245 Sunnyridge Ave #41, Fairfield, CT 06824

Technical guidelines developed by a committee, subcommittee, or ad hoc committee of the Nuclear Information and Records Management Association (NIRMA) represent a consensus of the members of the committee, subcommittee, or ad hoc committee with the concurrence of the NIRMA membership and Board of Directors. Guidelines are recommended procedures for establishment of a program or performance of a task related to the interests of NIRMA members. Guidelines represent the consensus of the sponsoring committee of the best information based upon applicable regulatory requirements, industry standards and practical experience. A lesser amount of detail may be used to identify the areas of interface outside the scope of the document. Guidelines are not intended to be interpreted as industry standards but as suggested guidance with the understanding that companies are not obligated to use the suggested guidance.

NOTICE

This document was prepared by a committee of the Nuclear Information and Records Management Association (NIRMA). Neither this committee, NIRMA members, or other persons contributing to or not assisting in the preparation of the document, nor any person acting on behalf of these parties (a) makes any warranty or representation, expressed or implied, with respect to the accuracy, completeness, or usefulness of the information contained in this document, or (b) that the use of any information, apparatus, method or process disclosed in this document may not infringe on privately owned rights, or (c) assumes liabilities with respect to the use of any information, apparatus, method, or process disclosed in this document.

FOREWORD

[This foreword is not part of the Nuclear Information and Records Management Association (NIRMA) Guideline for Management of Electronic Vendor Technical Documents.]

This guideline was prepared by the Program Management Business Unit's Vendor Technical Information Committee of NIRMA and is based on the collective experience of the committee members and selected other industry sources.

It is recognized that there are many ways of addressing the issue of the management of electronic vendor technical documents. Accordingly, this guideline is offered as a resource to NIRMA members, with the understanding that those choosing to use this document are not obligated to adopt any specific part of the document.

ACKNOWLEDGEMENTS

This guideline was developed by the Program Management Business Unit's Vendor Technical Information Committee. Committee members, with input solicited from their parent organizations plus selected industry personnel, providing a significant contribution to the development of the initial issue of this guideline include:

Jim Leonard
Vendor Technical Information
Committee Chairperson
GE Nuclear Energy

Barney Poole
Task Co-Chairperson
TXU Electric

Kay Norman
Task Co-Chairperson
TXU Electric

Paul Basile
Public Service Electric and Gas

Joe Burack
Houston Power and Light

Susan Griffin
Vendor Information Solutions

George Holdsworth
Carolina Power and Light

Jan Riley
Vendor Information Solutions

Rhonda Stone
Rochester Gas and Electric

Keith Wright
Nebraska Public Power District

The 2018 revision of this guideline was developed by a Committee within the Regulations and Information Management Business Unit (RIMBU). Members providing significant contributions include:

Ashley Grant
DTE

Bob Blem
Westinghouse

Jill Griffin
AREVA

Rich Giska
R&L Partners, Inc.
