Issue record

Issue	Date	Comments
Draft 1	March 2001	New document issued for comment
Version 1	June 2001	Raised to full issue status
Emergency 2	June 2002	Revised to take account of re base-lined scope of Ellipse, removing Operational Property contracts, links to PRIDE and P3E and Major Stations' responsibilities and adding application of Ellipse to RT1A and IMC2. Revised to reflect changes to organisation since June 2001
Draft 3	May 2002	Draft issued for comment. Wording as for Emergency Issue 2 but title changed
Version 3	August 2002	Raised to full issue status
Version 4	May 2004	Company functional re-organisation phase 1 change – roles and responsibilities. This version identifies the accountabilities in the new functional organisation but does not introduce procedural changes which will be the subject of subsequent revisions from the accountable functional areas
Version 5	October 2005	Revised to take into account the new Asset Data Management specification and related procedures, and withdrawal of IMC2000 contracts and the IMCs. It does not introduce change in responsibility or procedure
Version 6	August 2007	Transferred to Maintenance and renumbered. Minor changes to align with changed job titles and responsibilities
Version 7	June 2008	Phase 2A / Engineering reorganisation responsibility change

Compliance

This Network Rail standard is mandatory and shall be complied with by Network Rail and its contractors if applicable from 26 August 2008.

When this standard is implemented, it is permissible for all projects that have formally completed GRIP Stage 4 to continue to comply with the Issue of any relevant Network Rail Standards current when GRIP Stage 4 was reached and not to comply with requirements contained herein, unless the designated Standard Owner has stipulated otherwise in the accompanying Briefing Note.
