Issue record

Issue	Date	Comments
1	Dec 2007	Initial Issue Supercedes TI 043

Compliance

This Network Rail standard is mandatory and shall be complied with by Network Rail and its contractors if applicable from 4 February 2008.

When this standard is implemented, it is permissible for all projects that have formally completed GRIP Stage 4 to continue to comply with the Issue of any relevant Network Rail Standards current when GRIP Stage 4 was reached and not to comply with requirements contained herein, unless the designated Standard Owner has stipulated otherwise in the accompanying Briefing Note.

Reference documentation

GK/RT0009	Identification of Signalling and Related Equipment
GK/RT0031	Lineside Signals and Indicators
GK/RT0032	Provision of Lineside Signals
GK/RT0039	Semaphore and Mechanical Signalling

Disclaimer

In issuing this document for its stated purpose, Network Rail makes no warranties, express or implied, that compliance with all or any documents it issues is sufficient on its own to ensure safe systems of work or operation. Users are reminded of their own duties under health and safety legislation.
