# MODEL CLAUSES FOR CIVIL ENGINEERING WORKS

## SECTION 176

## PROTECTIVE COATING SYSTEMS

### NOTES TO SPECIFIER:

*These notes do not form part of the Specification.*

### **Specification of materials**     **176.1**

*Details of the Items (such as 7.1.1) referred to in this Section of Model Clauses are provided in Appendix A of NR/L3/CIV/039. Note that the contents of the various Tables that make up this Section of Model Clauses are re-iterated in that standard.*

*Protective coating systems are also defined in NR/L3/CIV/039, but a system not listed in that standard (and hence listed in this Section) may be submitted for approval for use provided that it is;*

- (i)     certificated by an Independent Test House as being compliant with NR/L3/CIV/039,*
- (ii)    registered in PADS,*
- (iii)   compliant with the contract performance requirements.*
