1.8 Current Operating Publications

1.8.1 Requirement to retain copies at a Control location

- 1.8.1.1 Except where otherwise indicated table A contains the details of the reference documents that are available for reference to all Control Office employees.
- 1.8.1.2 Route Control Managers must ensure that these documents are available and maintained with the necessary amendments.
- 1.8.1.3 Train and Freight Operator Controls will retain publications in line with the GPG for Business Process Manuals and their own company policy.
- 1.8.1.4 Integrated Control Centres will have additional Train Operator documentation provided in accordance with the agreement for the creation of the ICC.

1.8.2 Weekly Operating Notice and Supplements

- 1.8.2.1 Route Control Managers must ensure that these documents are provided and distributed within the control office.

1.8.3 Periodical Operating Notice

- 1.8.3.1 Route Control Managers must ensure that these documents are provided and distributed within the control office as appropriate.

1.8.4 Network Rail Emergency Information Manual

- 1.8.4.1 The Network Rail Emergency Information Manual contains details of the group Standards on Security and are incorporated therein, this document is held on a limited-access basis and is normally referred to by the Route Control Manager.

1.8.5 Railway Group Standards

- 1.8.5.1 Railway Group Standards except those shown in Table A; are not required to be held by the Route Control Office, however access to this documentation is available via electronic links.
