

Information for users

To access individual modules referenced within this standard, blue active links are provided from the relevant index pages where these are listed. Clicking on a specific reference will lead to the corresponding document. Please ensure to open **bookmarks** for easier navigation within the document and to access **index of modules**.

Alternatively, you may use the search facility to search for a specific document by using the complete document reference number – such as NR/L3/SIG/30082/002 – in the search field.

Issue	Date	Comments
1	March 2011	1 st issue
2	September 2011	Updated to include module C – use of traction gel applicators

Compliance

This Network Rail standard is mandatory and shall be complied with by Network Rail and its contractors if applicable from 3 September 2011 (training and competency requirements and module C01 from April 2012).

When this standard is implemented, it is permissible for all projects that have formally completed GRIP Stage 3 (Option section) to continue to comply with the Issue of any relevant Network Rail Standards current when GRIP Stage 3 was reached and not to comply with requirements contained herein, unless otherwise stipulated in the scope of this standard.
