Implementation

The provisions of this procedure are mandatory and shall apply to all work undertaken by staff employed within Projects in the P&E organisation, in all territories of Network Rail.

Compliance

This Standard Project Procedure shall be complied with by September 1st, 2006.

It is the responsibility of the Head of HSQE (P&E) to ensure that all roles identified in this procedure are mapped to the relevant Territory/Area/Delivery Unit/other organisation.

This procedure enacts the requirements of NR/SP/OHS/00102 Work Activity Risk Assessment. Specific authority not to comply with the requirements of NR/SP/OHS/00102 or this Standard Project Procedure shall be sought using the non-compliance authority process described in Network Rail Standard NR/SP/STP/045 – Managing the process for Non-compliance Authority.

Disclaimer

In issuing this document for its stated purpose, Network Rail makes no warranties, express or implied, that compliance with all or any documents it issues is sufficient on its own to ensure safe systems of work or operation.

Users are reminded of their own duties under Health and Safety legislation.

Supply

Copies of documents are available electronically within Network Rail's organisation. Hard un-controlled copies of this document can be printed from the business documentation site on connect, or requested from the Head of HSQE (P&E), HSQE Programme Manager, or the Programme / Project Document Controller.

Change control

Suspected errors and omissions or requests for change shall be reported to the Head of HSQE (P&E).
