Issue record

Issue	Date	Comments
Draft B	07/09/05	Draft in prepared in official format based on earlier free text consultation document
1	15/09/05	Not Formally Issued
2	22/11/05	Revised to include STPE Glasgow Office in Process

Implementation

The provisions of this procedure are mandatory and shall apply to all signal engineering activities in all territories of Network Rail.

Compliance

This MP&I Standard Project Procedure shall be complied with by 1st October 2005. The process has already been consulted and briefed to allow early introduction

Disclaimer

In issuing this document for its stated purpose, Network Rail makes no warranties, express or implied, that compliance with all or any documents it issues is sufficient on its own to ensure safe systems of work or operation.

Users are reminded of their own duties under Health and Safety legislation.

Supply

Copies of documents are available electronically within Network Rail's organisation. Hard copies of this document will be available to Network Rail employees on request to the Territory/Area/Delivery Unit/other Document Controller.

Change control

Suspected errors and omissions or requests for change shall be reported to MP&I Principal Signalling Design Engineer.
