Issue record

Issue	Date	Comments
I	April 1998	Emergency issue in paper only.
IA	October 1998	Minor revisions to formatting and included in electronic format.
Emergency Issue 2	March 1999	Emergency issue. Redefines actions to accord with RT/CE/P/038 replaces process chart with text giving responsibilities at a higher level and updated for IMC2
Draft 3	June 1999	Incorporating comments received. In CI 3.1 the requirement for annual listings of urgent action criteria has been removed.
Draft 4	April 2000	Revised to encompass IMC2000.
3	January 2000	Raised to full issue status and encompassing ICM reorganisation and the provisions of the Revised Emergency Briefing Note, dated 23 February 2000, to RT/CE/S/I04 .
4	February 2004	Amended only in respect of changes necessary to facilitate the introduction of Direct Maintenance.

Implementation

The Head of Track Engineering and the Regional/Territory Track Engineers shall be responsible for putting in place work instructions to ensure that their respective responsibilities under 3.1 and 3.3 are allocated to suitable members of their teams.

The provisions of this Procedure are mandatory and shall be implemented with effect from May 2004.

Compliance

This Procedure shall be complied with from the date of implementation.
