BRIEFING NOTE

RT/E/S/400xx

Refer to table below

Standard Owner: Electrification & Plant Engineering

Business Unit Owner: Territory Engineer (E&P)

Executive Summary

The Standards listed have been reviewed as part of E&P's SAF3 Standards New Model Project and found to be not fit-for purpose.

Standard	Date	Issue	Type	Title
RT/E/S/40002	Feb 96	1	NRCS	Core Maintenance Specification for Vehicle Washing Plant
RT/E/S/40004	Feb 96	1	NRCS	Core Maintenance Spec. for Non-Traction Elect Sub-Stations in Depots & Stations
RT/E/S/40010	Oct 00	2	NRCS	Core Maintenance Specification. for Drainage- Interceptor & Recovery Systems in Depots & Stations
RT/E/S/40011	Feb 96	1	NRCS	Core Maintenance. Spec. for Compressed Air/Vacuum Installations within Depots & Stations
RT/E/S/40013	Feb 96	1	NRCS	Core Maintenance Specification. for Ventilation & Air Conditioning Units in Depots & Stations
RT/E/S/40018	Feb 96	1	NRCS	Core Maintenance Specification for Underfloor Wheel Lathe
RT/E/S/40019	Feb 96	1	NRCS	Core Maintenance Specification for Diesel-Electric Turntables
RT/E/S/40021	Feb 96	1	NRCS	Core Maintenance Specification for Electric Jacks
RT/E/S/40023	Feb 96	1	NRCS	Core Maintenance Specification for Depot Protection Equipment
RT/E/S/40026	Feb 96	1	NRCS	Core Maintenance Specification for Sewage Disposal Plant
RT/E/S/40027	Feb 96	1	NRCS	Core Maintenance Specification for Train Pre-Heating Shore Supplies
RT/E/S/40032	Feb 96	1	NRCS	Core Maintenance Specification for Fixed Battery Charges

RT/E/S/40033	Feb 96	I	NRCS	Core Maintenance Specification for Overhead Cranes
RT/E/S/40035	Oct 00	2	NRCS	Core Maintenance Specification for Storage & Dispensing systems
RT/E/S/40036	Feb 96	I	NRCS	Core Maintenance Specification for Car Park Equipment

Detailed description of the changes

These specifications apply to stations and light maintenance depots, which are subject to franchised tenancy agreements. It has not been possible to manage the compliance requirements of these standards in accordance with RT/LS/P/045 due to the nature of these agreements.

To counteract the withdrawal of these specifications, a non-mandatory Code of Practice will be published to meet Network Rail's obligations to its tenants and their employees. Any non-compliances will be identified and managed in accordance with the terms of these lease agreements.

This manual will cover the equivalent subject matter in terms of best practice and will also be issued free of charge to all affected tenants when the listed standards are withdrawn.

There will be no adverse impacts imported by withdrawing these documents.

Implementation

The provisions of this document shall be applied from 5th February 2005
