## National foreword

This Published Document has been prepared by Technical Committee NFE/34, and is the English language version of CR 12776:1997, published by the European Committee for Standardization (CEN).

This Published Document is published under the direction of the Engineering Sector Board, whose Technical Committee NFE/34 has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

NOTE International and European Standards, as well as overseas standards, are available from Customer Services, BSI, 389 Chiswick High Road, London W4 4AL.

**This Published Document is not to be regarded as a British Standard.**

### Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the CR title page, pages 2 to 11 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
