

European certified reference materials (EURONORM-CRMs) for the determination of the chemical composition of iron and steel products prepared under the auspices of the European Committee for Iron and Steel Standardization

ICS 71.040.30; 77.140.01

National foreword

This Published Document is the UK implementation of CEN/TR 10317:2009.

The UK participation in its preparation was entrusted to Technical Committee ISE/18, Sampling and analysis of iron and steel.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This Published Document was published under the authority of the Standards Policy and Strategy Committee on 30 November 2009.
