

BSI Standards Publication

Eurocode 3: Design of steel structures

Part 1-101: Alternative interaction method for
members in bending and compression

National foreword

This Published Document is the UK implementation of CEN/TS 1993-1-101:2022.

The UK participation in its preparation was entrusted to Technical Committee CB/203, Design & execution of steel structures.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations

**Eurocode 3: Design of steel structures - Part 1-101:
Alternative interaction method for members in bending
and compression**

Eurocode 3: Calcul des structures en acier - Partie 1
101: Méthode de calcul pour la stabilité des barres en
acier sollicitées en compression et flexion bi-axiale

Eurocode 3: Bemessung und Konstruktion von
Stahlbauten - Teil 1 101: Alternative
Interaktionsmethode für Bauteile unter Druck und
Biegung

This Technical Specification (CEN/TS) was approved by CEN on 22 August 2022 for provisional application.

The period of validity of this CEN/TS is limited initially to three years. After two years the members of CEN will be requested to submit their comments, particularly on the question whether the CEN/TS can be converted into a European Standard.

CEN members are required to announce the existence of this CEN/TS in the same way as for an EN and to make the CEN/TS available promptly at national level in an appropriate form. It is permissible to keep conflicting national standards in force (in parallel to the CEN/TS) until the final decision about the possible conversion of the CEN/TS into an EN is reached.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Türkiye and United Kingdom.
