

Guidelines for product committees on the preparation of standards related to human exposure from electromagnetic fields

ICS 01.120; 13.280; 29.020

National foreword

This Published Document is the official English language version of CLC/TR 50442:2005. It supersedes PD CR R106-001:2002 which is withdrawn. The UK participation in its preparation was entrusted to Technical Committee GEL/106, Human exposure to Lf and Hf electromagnetic radiation, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
