

BSI Standards Publication

Railway applications — Driver's cab Train Display Controller (TDC)

Part 2: Display systems FIS

National foreword

This Published Document is the UK implementation of CLC/TR 50542-2:2025. It supersedes PD CLC/TR 50542-2:2016, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GEL/9, Railway Electrotechnical Applications.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations

This publication has been prepared in good faith, however no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by BSI in relation to the adequacy, accuracy, completeness or reasonableness of this publication. All and any such responsibility and liability is expressly disclaimed to the full extent permitted by the law.

This publication is provided as is, and is to be used at the recipient's own risk.

The recipient is advised to consider seeking professional guidance with respect to its use of this publication.

This publication is not intended to constitute a contract. Users are responsible for its correct application.

This publication is not to be regarded as a British Standard.

European foreword

This document (CLC/TR 50542-2:2025) has been prepared by CLC/TC 9X “Electrical and electronic applications for railways”.

This document supersedes CLC/TR 50542-2:2016 and all of its amendments and corrigenda (if any).

CLC/TR 50542-2:2025 includes the following significant technical changes with respect to CLC/TR 50542-2:2016:

— No technical changes.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CENELEC shall not be held responsible for identifying any or all such patent rights.

Any feedback and questions on this document should be directed to the users’ national committee. A complete listing of these bodies can be found on the CENELEC website.
