National foreword

This Published Document is the UK implementation of CLC/TR 50607-10:2015.

The UK participation in its preparation was entrusted by Technical Committee EPL/100, Audio, video and multimedia systems and equipment, to Subcommittee EPL/100/4, Cable distribution equipment and systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

English Version

**Satellite signal distribution over a single coaxial cable -
Part 10: Implementation guideline**

Distribution de signaux satellites sur un seul câble coaxial -
Partie 10: Lignes directrices de mise en œuvre

Verteilen von Satellitensignalen über ein Koaxialkabel -
Teil 10: Anwendungsleitfaden

This Technical Report was approved by CENELEC on 2015-09-14.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Bulgaria, Croatia, Cyprus, the Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.
