

Identification card systems — Intersector thin flexible cards — Security features

ICS 35.240.15

National foreword

This Published Document reproduces verbatim CR 13875:2000.

The UK participation in its preparation was entrusted to Technical Committee IST/17, Identification cards and related devices, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or by using the “Find” facility of the BSI Standards Electronic Catalogue.

Summary of pages

This document comprises a front cover, an inside front cover, the CR title page, pages 2 to 11 and a back cover.

The BSI copyright notice displayed in this document indicates when the document was last issued.

This Published Document, having been prepared under the direction of the DISC Board, was published under the authority of the Standards Committee and comes into effect on 15 September 2000
