

Calculation of d.c resistance of plain and coated copper conductors of low-frequency cables and wires — Application guide

ICS 29.060.01

National foreword

This Published Document is the UK implementation of IEC/TR 60344:2007, incorporating corrigendum February 2012.

The UK participation in its preparation was entrusted to Technical Committee EPL/46, Cables, wires and waveguides, radio frequency connectors and accessories for communication and signalling.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This Published Document was published under the authority of the Standards Policy and Strategy Committee on 30 April 2007
