Reclaimed rubber derived from products containing mainly natural rubber — Evaluation procedure

National foreword

This Published Document is the UK implementation of ISO/TS 16095:2014.

The UK participation in its preparation was entrusted to Technical Committee PRI/50, Rubber - Raw, natural and synthetic, including latex and carbon black.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
