

BSI Standards Publication

**Biological evaluation of medical devices —  
Application of the threshold of toxicological  
concern (TTC) for assessing biocompatibility  
of medical device constituents**

---

## National foreword

This Published Document is the UK implementation of [ISO/TS 21726:2019](#).

The UK participation in its preparation was entrusted to Technical Committee CH/194, Biological evaluation of medical devices.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
