

PIA-STD-851F
20 December 2013

Superseding
PIA-STD-851E
26 February 2010

The following commercial specification is originally adopted from the military document. Revision A includes all known accepted revisions, amendments, notices, and Department of Defense (DOD) engineering changes previously developed for this item. Revision B and forward includes changes adopted to reflect technology and design evolution.

CODING: MANUFACTURER'S IDENTIFICATION, NYLON PARACHUTE CLOTH

The Parachute Industry Association makes this document available for use by Industry and Government organizations that wish to apply this specification to their products.

1. SCOPE

1.1 Purpose. This commercial specification establishes the weaver's identification coding to be used by textile manufacturers for the purpose of identifying their respective products, when so specified by the detailed specification for the material or by the procuring activity.

2. IDENTIFICATION CODE

2.1 Assignment of codes. The identification code below shall be assigned to a weaver of parachute cloth as follows:
