

UTILIZING PLASTIC PIPING IN SOLAR THERMAL HEATING SYSTEMS

PPI TN-14

2025

Foreword

This technical note was developed and published with the technical help and financial support of the members of the PPI (Plastics Pipe Institute, Inc.). The members have shown their interest in quality products by assisting independent standards-making and user organizations in the development of standards, and also by developing reports on an industry-wide basis to help engineers, code officials, specifying groups and users.

The purpose of this technical note is to provide general information on the applications for plastic pipe used in solar thermal heating systems.

This technical note has been prepared by PPI as a service for the industry. The information in this technical note is offered in good faith and believed to be accurate at the time of its preparation but is offered “as is” without any express or implied warranty, including WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. Any reference to or testing of a particular proprietary product should not be construed as an endorsement by PPI, which does not endorse the proprietary products or processes of any manufacturer. The information in this technical note is offered for consideration by industry members in fulfilling their own compliance responsibilities. PPI assumes no responsibility for compliance with applicable laws and regulations.

PPI intends to revise this technical note from time to time, in response to comments and suggestions from users of the report. Please send suggestions for improvements to the address below. Information on other publications can be obtained by contacting PPI directly or visiting the PPI web site.

This technical note, TN-14, was first issued in January 1986 and revised in July 2001, April 2016, and March 2025.

TABLE OF CONTENTS

Foreword 2

Table of Contents 3

1.0 Introduction..... 4

2.0 Overview 4

3.0 Solar Thermal Collector Technologies..... 5

4.0 Use of Plastic Piping in Solar Thermal Systems..... 7

5.0 Conclusion..... 9
