

RESISTANCE OF THERMOPLASTIC PIPING MATERIALS TO MICRO- AND MACRO- BIOLOGICAL ATTACK

TR-11

2023

Foreword

This report was developed and published with the technical help and financial support of the members of the PPI (Plastics Pipe Institute). The members have shown their interest in quality products by assisting independent standards-making and user organizations in the development of standards, and also by developing reports on an industry-wide basis to help engineers, code officials, specifying groups, and users.

The purpose of this technical report is to provide information available to PPI on resistance of thermoplastic piping materials to micro- and macro- biological attack. This report has been prepared by PPI as a service to the industry. The information in this report is offered in good faith and believed to be accurate at the time of its preparation, but it is offered “as is” without any express or implied warranty, including WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. Any reference to or testing of a particular proprietary product should not be construed as an endorsement by PPI, which does not endorse the proprietary products or processes of any manufacturer.

The information in this report is offered for consideration by industry members in fulfilling their own compliance responsibilities. PPI assumes no responsibility for compliance with applicable laws and regulations.

PPI intends to revise this report from time to time, in response to comments and suggestions from users of the report. Please send suggestions for improvements to the address below. Information on other publications can be obtained by contacting PPI directly or visiting the website.

This Technical Report was first published in February 1969, and was reviewed and republished in May 1987, January 1989, March 1999, March 2000, June 2006, May 2013. This edition was published September 29, 2023.

TABLE OF CONTENTS

1.0	Introduction	4
2.0	Possible Degradation Factors.....	4
2.1.	Fungi.....	4
2.2.	Bacteria	5
2.3.	Termites.....	5
2.4.	Rodents	6
3.0	Summary.....	6
References		7
Primary.....		7
Test Methods.....		8
Miscellaneous.....		8
