

AEROSPACE RECOMMENDED PRACTICE

SAE ARP5130A

Issued	1997-03
Reaffirmed	2004-01
Cancelled	2009-02

Requirements for Alternative Coatings Used in Lieu of Nickel-Chromium Plating for Aerospace Hand Tools

RATIONALE

ARP5130 has been superseded by AS4984. Coating Requirements for Aerospace Hand Tools.

CANCELLATION NOTICE

This document has been declared "CANCELLED" as of February 2009 and has been superseded by AS4984. By this action, this document will remain listed in the Numerical Section of the Aerospace Standards Index noting that it is superseded by AS4984.

SAE Technical Standards Board Rules provide that: "This report is published by SAE to advance the state of technical and engineering sciences. The use of this report is entirely voluntary, and its applicability and suitability for any particular use, including any patent infringement arising therefrom, is the sole responsibility of the user."

SAE reviews each technical report at least every five years at which time it may be reaffirmed, revised, or cancelled. SAE invites your written comments and suggestions.

SAE ARP5130A

1. SCOPE:

This SAE Aerospace Recommended Practice (ARP) covers the requirements for alternative coatings used in lieu of nickel-chromium plating and the surface finish requirements for aerospace hand tools. It is intended as a guide toward standard practice and is subject to change to keep pace with experience and technical advances.

1.1 Classification:

Coating covered by this document shall be of the following types, as specified:

Type I and Type II are those coatings specified in AS4984

Type III - Alternative coatings, used in lieu of nickel-chromium plating

NOTE: The contents of this document are to be included in AS4984 at a later date.

2. APPLICABLE DOCUMENTS:

The following publications form a part of this document to the extent specified herein. The latest issue of SAE publications shall apply. The applicable issue of other publications shall be the issue in effect on the date of the purchase order. In the event of conflict between the text of this document and references cited herein, the text of this document takes precedence. Nothing in this document, however, supersedes applicable laws and regulations unless a specific exemption has been obtained.
