

Issued	1998-10
Reaffirmed	2004-07
Cancelled	2011-02

Insulating Components, Molded, Electrical,
Heat Shrinkable, Transition, Strain Relief and Sealing, T

RATIONALE

Revised to coincide with the supersession data defined in the AS85049/142 detail specification.

CANCELLATION NOTICE

This document has been declared "CANCELLED" as of February 2011 and has been superseded by AS85049/142. By this action, this document will remain listed in the Numerical Section of the Aerospace Standards Index noting that it is superseded by AS85049/142.

SAE Technical Standards Board Rules provide that: "This report is published by SAE to advance the state of technical and engineering sciences. The use of this report is entirely voluntary, and its applicability and suitability for any particular use, including any patent infringement arising therefrom, is the sole responsibility of the user."

SAE reviews each technical report at least every five years at which time it may be reaffirmed, revised, or cancelled. SAE invites your written comments and suggestions.
